

CHARITABLE DONATIONS

For more than a century, the Canadian Education Association has been a strong advocate of public education in Canada. Today, with a renewed focus on **EDUCATION INNOVATION**, we facilitate knowledge sharing across the country and the building of collaborative relationships among organizations for the ongoing development of vibrant public learning systems fundamental to a democratic society.

Your donation will go towards programs and services that support our vision:

A Canadian society where all people use, build and create knowledge effective for their own purposes and those of their families, communities and country.

Environments that fosters creativity and adaptation in support of learning.

The development of innovative practices that support the learning needs of all Canadians and make Canada the best-educated and most literate country in the world.
